News/notes/merchandise ordered:

1-26 Association Dues Structure

Sustaining Member \$25 per year

Sustaining members have the privileges of Regular Members, but are members who, because of their interest and involvement in the success of the Association, wish to contribute more than the Regular Membership dues to support the organization. Honorary Life and Regular Life Members who choose to pay annual dues are also recognized as Sustaining Members.

Regular Member \$15 per year

Regular Members are entitled to one vote in all elections, to a full voice in the affairs of the Association, and to receive the Newsletter and the LOG, which is the directory and handbook of the Association.

Family Member \$5 per year

A Family Member is a full voting member, but does not receive separate copies of the Newsletter and the LOG. Family Members must reside at the same address as the full member (Regular or Sustaining).

Life Member \$500

A Life Member enjoys Regular Membership for life. This membership type is a means whereby dedicated members can make a permanent financial contribution to the Association. The Life Membership funds are invested separately and produce regular income for the Association.

Family Life Member \$26

A Family Life Membership permits a Life Member to make a single contribution for family members at the time the Life Membership is purchased. Each enjoys the privileges of Family Membership. These funds are invested in the same manner as the Life Membership Funds. Family Life Members must reside at the same address as that of the Life Member. Family Life memberships are active as long the Life Membership is active.

Foreign Memberships

Foreign membership dues reflect the cost of postage and special handling of items which cannot be processed within the standard U. S. Postal Service bulk mailing system. Checks or Money Orders payable in \$US will be accepted. Memberships have the privileges of Regular Members.
